

Penn State Federal
Credit Union

Dear Member,

A Term Share Certificate that you hold with Penn State Federal Credit Union will mature soon. Our Board of Directors monitor rates and may change them at any time. You can always see our current rates at www.pennstatefederal.com. In order to serve your investment needs, please tell us how to proceed with your certificate.

If you would like to make any changes or would like to close your certificate, please complete the bottom portion of this form. Even if you are not making any changes, please sign and return this form. Your certificate will automatically renew for the same term at the current rate for that term at the time of maturity. There is no grace period, upon the maturity date the certificate will renew.

We appreciate your business and hope that you continue to deposit with us. Do not hesitate to contact us if you have any questions.
